

i-Patron

i-Patron is a system designed to verify the patron's age and check against the watch list, and also keep track and screen patron to places of entertainment like Bars or Clubs, Liquor retail establishments and Massage spa or Spa resorts. The objective is to keep track records of the patrons to who have visited the establishment in case of events such as virus outbreaks. By projecting a safe and secure image to public you are also inviting them to patronise your establishment.

Features:

- Fast and auto triggering of ID Document scanning
- Auto classification and identification of Document ID into the system
- Age verification (optional)
- Ability to generate report in real time
- Stand alone or client server implementation

Benefits:

- Fast and accurate
- Paperless (cost effective)
- Easy to use

The i-Patron is ideal for:

- Entertainment Venues
- Bars or Clubs
- Liquor retail establishments
- Massage spa or Spa resorts
